7.5 / 10.0

EXPERIENCE

Php/Laravel Intern

NCode Technologies

📅 03/2024 - 10/2024   📍 Ahmedabad, India

NCode Technology is a dynamic organization specializing in innovative web solutions. As a Laravel Developer Intern, I have contributed to the development of scalable applications and delivered robust backend solutions. Key responsibilities include:

- Developed and maintained backend functionality for dynamic web applications using **PHP** and **Laravel**.
- Designed and implemented **RESTful APIs** to ensure seamless integration with front-end systems.
- Optimized database structures and queries in **MySQL**, enhancing system performance.
- Collaborated with cross-functional teams in an **Agile environment**, meeting deadlines effectively.

PROJECTS

Gold Glame Jewels

📅 05/2024 - 06/2024   📍 Ahmedabad, India

🔗 https://goldglamjewels.com

Gold Glame Jewels: Laravel-Powered Elegance in Jewelry Management

- **"Gold Glame Jewels"** is a Laravel-driven platform tailored for seamless jewelry management. The admin interface empowers administrators to manage manufacturers, vendors, and customers, curate product catalogs, define interest rates, and create engaging CMS pages. On the user side, the platform offers an elegant browsing experience, showcasing exquisite jewelry collections. "Gold Glame Jewels" combines functionality and luxury, delivering a refined digital experience for administrators and users alike.

Visamo Catering

📅 07/2024 - 08/2024   📍 Ahmedabad, India

"Visamo Catering: Laravel's Culinary Canvas for Admin and User Delight"

- **"Visamo Catering"** is a comprehensive Laravel-based platform designed to enhance both administrative efficiency and user engagement. Administrators seamlessly manage food categories, menus, CMS albums, galleries, and banners while responding to user inquiries and orders. On the user side, the platform offers a delightful journey through dynamic menus, catering inquiries, and engaging multimedia content, complete with reviews. "Visamo Catering" transforms the culinary experience into an interactive and visually appealing digital solution.

SKILLS

Client-Side

HTML   CSS   BootStrap   JS   JQuery   Responsive Design

Server-side

PHP   Laravel   SQL   MySQL   Database Migrations   GitHub   Git

TRAINING / COURSES

Web designing With PHP

HK Computer Classes And Institue, Surendranagar. December - 2023

PHP/Laravel Internship

NCode Technologies, Ahmedabad. March-2024 to October 2024

STRENGTHS

Expertise in Backend Development

Proficient in designing and implementing robust server-side logic using PHP and Laravel. Skilled in optimizing database queries and managing complex APIs for seamless system performance.

Dynamic Problem-Solving Skills

Adept at debugging and resolving technical challenges efficiently. Experienced in maintaining code quality and ensuring the stability of live applications under tight deadlines.

Collaborative Team Player

Skilled at working in cross-functional teams, fostering collaboration, and delivering projects on time in Agile environments.
